

# PARTS

## PVC Pipes\*

3 short pipes,  
numbered  
1, 2 and 3

3 long pipes,  
numbered  
4, 5 and 6

1 topper

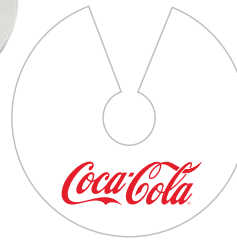

## BASE

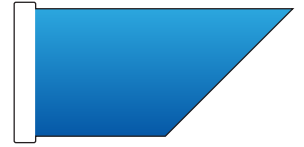

\*Pipes designs vary  
as per order

## BASE DECAL\*

\*included or not  
as per order

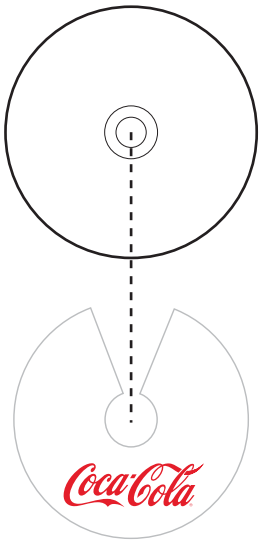

## DIRECTIONAL SIGNS

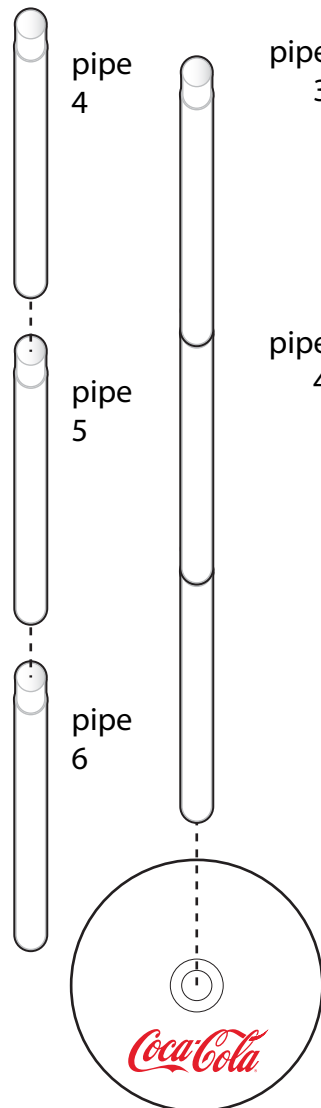

\*Sign designs vary  
as per order

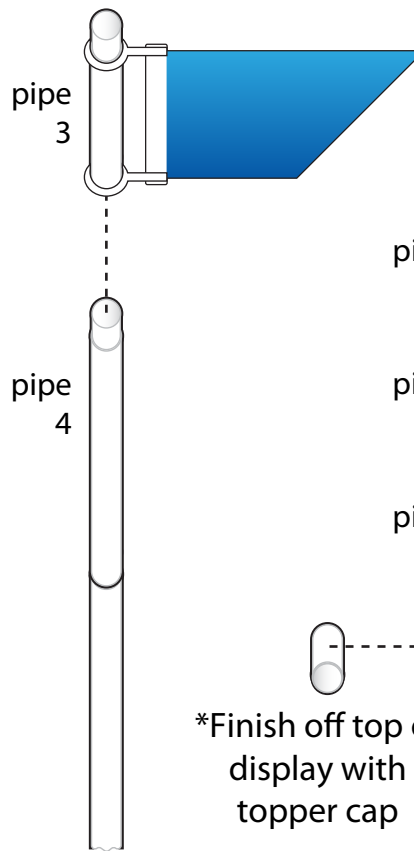

1. Peel protective backing off base decal and adhere to base with logo facing forward. If needed, decal can be peeled off slowly and repositioned.

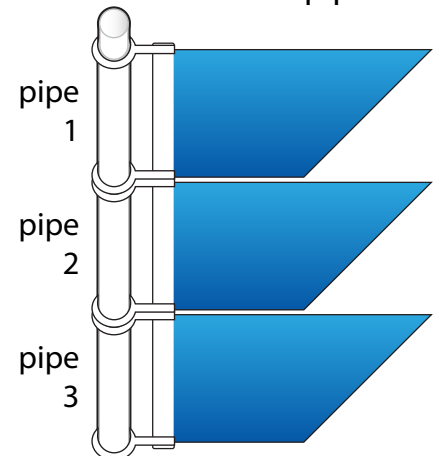

2. Connect the three long PVC pipes numbered 4, 5 and 6 first, with inner sleeve end facing up, and snugly insert into base, twisting counter-clockwise while pushing in.

2. Hold short PVC pipe #3 between rings on corresponding sign #3 and slide down onto inner sleeve of pipe 4.

3. Do the same with holding pipe #2 between rings on corresponding sign #2 and slide down onto inner sleeve of pipe 3.

4. Likewise hold pipe #1 between rings on sign #1 and slide down onto inner sleeve of pipe 2.

\*Finish off top of display with topper cap
